

# General Brown Junior-Senior High School Scholarships

Seniors:

As scholarships become available, they will be published in the Google Classroom, on the GB Lions website and printed copies will be available in the Counseling Office. It is your responsibility to get these lists when they become available and collect the applications for which you are eligible.

If you receive notification of an award, please bring us a copy of your letter.

Many scholarships require additional materials (official transcripts, letters of recommendations, etc). It is your responsibility to request all required materials prior to the date your scholarship is due.

A Scholarship Booklet containing the scholarships we award yearly will be available in December. It will be available electronically in the Google Classroom. The booklet will also be posted on the General Brown – Guidance Office website page, and printed copies will be available in the office. Please pay very close attention to the requirements for each scholarship and make sure all materials required are submitted. All applications must be turned in by **3:00PM on March 1, 2023**.
